EDUCATION

University of Waterloo

Waterloo, ON, Canada

- Master of Mathematics, Biostatistics, GPA 86/100
- Bachelor of Mathematics, Statistics, GPA 89/100

Aug 2025

Aug 2023

TEACHING PHILOSOPHY OVERVIEW

My teaching philosophy centers on delivering effective, student-focused instruction by combining subject knowledge, enthusiasm, and inclusivity. I aim to make abstract mathematical concepts accessible by linking them to real-life contexts and encouraging students to articulate ideas in plain language. To model engagement and persistence, I use handwritten notes to work through material step by step, inviting students into the process and fostering a collaborative learning environment. I emphasize respect and patience, supporting students at different learning paces and offering constructive, detailed feedback to guide improvement. Ultimately, I view teaching not only as transmitting knowledge but also as inspiring confidence, curiosity, and a lifelong interest in learning.

TEACHING

STAT 230 – Probability

Waterloo, ON, Canada

Teaching Assistant, University of Waterloo

May 2025 – Aug 2025

- Delivered tutorials to 40–50 students, clarifying concepts and solving problems.
- Graded assignments and exams, providing constructive feedback on students' assessments.
- Facilitated discussion forum, holding online office hour.
- Proctored tests and exams.

STAT 331 – Applied Linear Models

Waterloo, ON, Canada

Teaching Assistant, University of Waterloo

May 2025 – Aug 2025

- Graded assignments and exams, providing constructive feedback on students' assessments.
- Proctored tests and exams.

STAT 231 – Statistics

Waterloo, ON, Canada

Guest Lecturer, University of Waterloo

Mar 21, 2025

- Delivered a guest lecture on Gaussian response models and model diagnostics to 28 students.

STAT 330 – Mathematical Statistics

Waterloo, ON, Canada

Teaching Assistant, University of Waterloo

Jan 2025 – Apr 2025

- Graded assignments and exams, providing constructive feedback on students' assessments.
- Proctored tests and exams.

STAT 332 – Sampling & Experimental Design

Waterloo, ON, Canada

Teaching Assistant, University of Waterloo

Jan 2025 – Apr 2025

- Graded assignments and exams, providing constructive feedback on students' assessments.
- Facilitated discussion forum, holding online office hour.
- Proctored tests and exams.

STAT 230 – Probability

Waterloo, ON, Canada

*Teaching Assistant, University of Waterloo**Sep 2024 – Dec 2024*

- Delivered tutorials to 40–50 students, clarifying concepts and solving problems.
- Graded assignments and exams, providing constructive feedback on students' assessments.
- Facilitated discussion forum, holding online office hour.
- Proctored tests and exams.

STAT 330 – Mathematical Statistics

Waterloo, ON, Canada

*Teaching Assistant, University of Waterloo**Sep 2024 – Dec 2024*

- Graded assignments and exams, providing constructive feedback on students' assessments.
- Facilitated discussion forum, holding online and in-person office hour.
- Proctored tests and exams.

MATH 237 – Calculus III

Waterloo, ON, Canada

*Tutor, University of Waterloo**Jan 2023 – Apr 2023*

- Conducted one-on-one tutoring to clarify course material and provide problem-solving guidance.

PROFESSIONAL DEVELOPMENT

MATH 900 – University Mathematics Teaching Techniques

Waterloo, ON, Canada

*Faculty of Mathematics, University of Waterloo**Jan 2025 – Apr 2025*

- Obtained formal training in university-level mathematics instruction.
- Studied course design, lecture effectiveness, assessment strategies, and student engagement.
- Delivered peer-reviewed teaching sessions and a guest lecture to a live course.

Teaching Workshops

Waterloo, ON, Canada

*Centre for Teaching Excellence, University of Waterloo**Jan 2025 – Jun 2025*

- Completed teaching workshops on feedback strategies, STEM tutorial design, and active learning; applied methods directly in tutorials and lectures.

SEMINARS

Mortality Modelling with Vanshing Jumps via Bayesian Inference

Waterloo, ON, Canada

*ACTSC 991 Managing Longevity Risk, University of Waterloo**Jul 2025*

- Delivered a graduate-level seminar on a published paper, summarizing findings and providing discussions on relevant papers.
- Conducted a formal peer-review process on the paper.

Analysis of Event History Data via Multi-State Models

Waterloo, ON, Canada

*STAT 935 Analysis of Survival Data, University of Waterloo**Apr 2025*

- Delivered a graduate-level seminar on a published paper, summarizing findings and providing discussions on relevant papers.

Analysis of Correlated Failure Times via Shared Frailty

Waterloo, ON, Canada

*STAT 936 Analysis of Longitudinal Data, University of Waterloo**Apr 2025*

- Delivered a graduate-level seminar on correlated failure times, summarizing findings and providing discussions on relevant papers.

Quantization of Large Language Models

Waterloo, ON, Canada

*STAT 946 Generative AI and Large Language Models, University of Waterloo**Mar 2025*

- Delivered a graduate-level seminar on quantization of large languages models, summarizing findings and providing discussions on relevant papers.

From Causal Interaction to Mechanistic Interaction

Waterloo, ON, Canada

STAT 931 Causal Inference and Epidemiological Studies, University of Waterloo

Nov 2024

- Delivered a graduate-level seminar on mechanistic interaction, summarizing findings and providing discussions on relevant papers.

RESEARCH EMPLOYMENT

Graduate Researcher

Waterloo, ON, Canada

Department of Statistics and Actuarial Science, University of Waterloo

Sep 2024 – Aug 2025

Supervisor: Dr. Changbao Wu

- Research Paper: Imputation-based Approaches to Causal Inference
- Investigated imputation methods (regression, nearest neighbor) for handling missing-by-design data in the potential outcomes framework of causal inference

AWARD AND HONOURS

- International Master's Award of Excellence 2024 – \$7,500
- W.F. Forbes Entrance Award 2024 – \$1,000
- President's Scholarship of Distinction 2019 – \$2,000
- The Governor General of Canada Academic Bronze Medal 2019
